2x 4x

This diagram shows step 23 of a LEGO assembly. A tan base plate is shown with several black pins already inserted. A legend in the top left corner indicates that 2x transparent blue 1x2 bricks and 4x transparent blue 1x4 bricks are to be used. The bricks are shown being placed along the bottom edge of the base plate, with red outlines highlighting the specific placement areas. The 1x4 brick is placed in the center, flanked by two 1x2 bricks.
