## Change log

- 18.06.2020: Corrected an error in step 108 to fix an issue reported by [fredleg](#) where the tan gear was placed incorrectly with the consequence that the wheel turned in the opposite direction than the other front wheel. Many thanks for reporting the issue [fredleg](#)!

- 11.07.2020

Corrected some errors and implemented changes so the dashboard is removable to allow simple charging of the battery:

Error corrections:

Step 134: Added missing ½ bushes (makes steering smoother)

Steps 342 & 347: Flipped the 2L orange liftarms to make doors openable. Many thanks for reporting the issue [fredleg](#)!

Step 629: Added missing pin (makes construction stronger)

Changed the following steps to make dashboard removable (inventory updated accordingly):

23, 24, 151, 201, 226, 227, 248, 249 and 250
