This diagram illustrates step 124 of a LEGO construction. The main structure is built on a dark blue base plate. A yellow base plate is being laid out on top of the dark blue one. A brown bush and a grey motor are shown being placed on the yellow base plate. The brown bush is a 1x3 bush, and the grey motor is a 1x3 motor. The brown bush is being placed on the left side of the yellow base plate, and the grey motor is being placed on the right side. The motor is being placed on top of a grey motor that is already attached to the structure. The brown bush is being placed on top of a brown bush that is already attached to the structure. The motor is being placed on top of a grey motor that is already attached to the structure. The brown bush is being placed on top of a brown bush that is already attached to the structure.
