This diagram, labeled 151, illustrates the assembly of a LEGO Technic component. A tan-colored 12-hole circular plate is shown being positioned over a grey and red Technic structure. The plate has a central square hole and twelve smaller circular holes around its perimeter. The assembly is supported by blue Technic beams and connectors. A red outline highlights the plate and the specific connection points on the underlying structure. A small blue square icon with a white circular arrow is located in the bottom right corner.
